

**Name:** Yasser Ali Alshehri

**Designation:** Assistant Professor

**Tasks in the Department/College/Sector:**

Scientific Contribution Mentor

Scientific Publications

E-Learning Coordinator

**Office Location:** J1, Yanbu University College

**Cisco:** 1479

**Mobile:** +966(505351719)

**Email:** alshehriya@rcyci.edu.sa

**Education:**

BSc in Electrical and Computer Engineering, 2002, King Abdulaziz University

MSc in Network Systems Engineering, 2008, University of Plymouth, UK

PhD in Computer Engineering, 2018, West Virginia University

**Specialization:**

Computer Engineering

**Research Interest:**

Machine learning algorithms, Software Reliability and Quality, Data mining, and Data Analytics

**Publications:**

- <https://scholar.google.com/citations?user=MwTb0AkAAAAJ&hl=en&oi=sra>
- Al-Shehri, Y., and N. L. Clarke. "Information security awareness and culture." *Advances in Communications, Computing, Networks and Security: Proceedings of the MSc/MRes programmes from the School of Computing, Communications and Electronics, 2007-2008* 6 (2009): 12.
- Alshehri, Yasser Ali, et al. "Applying Machine Learning to Predict Software Fault Proneness Using Change Metrics, Static Code Metrics, and a Combination of Them." *SoutheastCon 2018*. IEEE, 2018.

**Courses Taught:**

CS203 - Computer Assembly and Organization

ELET/EEET104 – Computer Programming
